Notes of Decisions

The Department of Public Welfare's repeated failure to make timely inspections of day care center which it concealed by issuing provisional certificates based on technical or pretextual deficiencies, then granting retroactive certificates of compliance, enabled the Department to evade scrutiny of operator's appeal of issuance of provisional certificates of compliance by dismissing operator's appeal as moot. *Musheno v. Department of Public Welfare*, 829 A.2d 1228, 1232—1233 (Pa. Cmwlth. 2003). Such conduct by the Department raised important public issues, such as official competency, candor and accountability, which survive mootness. *Id.* at 1233.

§ 3270.13. Waivers.

- (a) A waiver excuses an operator from meeting a regulatory standard and substitutes another standard which the operator shall meet. The substituted standard has the same legal effect as the regulatory standard.
- (b) The operator shall submit the request for waiver to the regional office before the facility is inspected for issuance or renewal of a certificate of compliance.
- (c) An operator may request a waiver of only the regulatory standards in the following sections:
 - (1) Accreditation requirements which apply to § § 3270.34—3270.36 (relating to director qualifications and responsibilities; group supervisor qualifications and responsibilities; and assistant group supervisor qualifications and responsibilities).
 - (2) Physical site requirements in § § 3270.61—3270.82 (relating to physical site).
 - (3) Equipment requirements in § § 3270.101—3270.108 (relating to equipment).
 - (4) Program requirements in § § 3270.111—3270.118 (relating to program).
- (d) The Department will grant a waiver only if the following conditions are met:
 - (1) The waiver is not requested as a substitute for correcting a Departmental citation of noncompliance.
 - (2) The request for waiver does not alter the applicability or purpose of a regulation.
 - (3) The request shows evidence that the operator has a plan to achieve the objective of the regulation.
 - (4) The request certifies that the operator will meet regulatory standards related to the health, safety and rights of children.
 - (5) The request for waiver does not violate or condone noncompliance with another Federal or State statute or regulation.
 - (6) The request for waiver may not jeopardize Federal or State funding.
- (e) A waiver previously granted for staff person qualifications remains in effect for the staff person at the

location specified.

§ 3270.61a. Overpopulation of indoor child care space—statement of policy.

(a) This policy regarding enforcement of the requirements of §§ 3270.61(c) and 3280.61(c) (relating to measurement and use of indoor child care space) is the Department's effort to afford flexibility regarding the use of indoor child care space in a child day care center and a group day care home located in any premises. The Department will not cite a facility for noncompliance with §§ 3270.61(c) and 3280.61(c) if an indoor child care space is overpopulated during program time if the following conditions are met:

(1) The overpopulation for purposes of program activity is limited to two time periods daily not exceeding 1/2 hour in each period.

(2) The time of overpopulation is designated on the facility's schedule of daily activities.

(3) The space is not occupied by children of the infant or young toddler age levels during the time permitted for overpopulation.

(4) The number of children present in the overpopulated space is not more than twice the measured capacity of the space.

(b) When a facility serves meals in a space designated and measured as indoor child care space, the Department will not cite the facility for noncompliance with §§ 3270.61(c) and 3280.61(c) when the space is overpopulated during lunch time if the following guidelines are observed:

(1) The overpopulation for lunch time is limited to times when children are eating and for a maximum of 1 hour daily.

(2) The time of overpopulation for the purpose of serving lunch is designated on the facility's schedule of daily activities.

(3) The number of children present in the space does not exceed twice the measured capacity of the space.

(c) The Department's previous procedure and direction for licensing staff dictates that a facility with a space dedicated exclusively to serving meals and snacks is not measured for a capacity of children, but is inspected for other requirements that impact on the health and safety of children. The policy presented in this section does not alter the Department's previous procedure and direction.
